Image Evaluation Topics for 2018

You may have noticed that we mention book design a few times during the year.

In September, the set subject is Book Design where you have to produce your own book. Specific details later, but the Syllabus Committee continue our quest to broaden your horizons (Photo Essay in 2017 and again in 2018, Book design in 2018).

We will publish specific requirements about 2018 challenges when we've written them. As per normal, they won't be too onerous.

February

Detail

Definition: Detail can be explained as any small section of a larger structure or whole.

March

Unrestricted

April

AV, Photo Essay or Triptych

May

KPS 'National' (Mono, Photojournalism, Nature, Portraits and Scapes).

June

Long Exposure

Definition: **Long-exposure**, **time-exposure**, or **slow-shutter photography** involves using a long-duration *shutter speed* to sharply capture the stationary elements of images while blurring, smearing, or obscuring the moving elements.

Long-exposure photography captures one element that conventional photography does not: *an extended period of time*.

July

KPS Monochrome Interclub

August

Below 500mm

Definition: The camera is to be located less than 500 mm (0.5 metre) above the ground or floor when the photo is taken. We are looking for a low-angled photograph.

September

Book Design

October

Unrestricted

November

Emotion

Definition: The photograph should either depict strong emotion shown in the subject of the image or elicit strong emotion from the audience.

December

Image of the Year, Paul Burke People's Choice, Club Person of the Year, Encouragement Awards
